Make sure your horse is happy. You'll feel the joy.

There is something almost magical about the unique bond between you and your horse. You'll experience the greatest sense of joy when your horse is healthy, relaxed and feeling its best. That's why you do everything in your power to ensure the best possible care for your horse. The BEMER Horse-Set assists you by providing valuable support.

The BEMER Horse-Set brings the benefits of the proven BEMER® physical vascular therapy to the equestrian world. It facilitates healing processes, promotes regeneration, helps prevent injury and enhances your horse's suppleness. You'll notice the initial effects after just a few minutes of treatment.

For your horse's well-being

The power of the BEMER Horse-Set.

The impulse generated by the BEMER Horse-Set improves microcirculation, which is the blood flow in the smallest blood vessels and is essential for vital metabolic processes. If these functions are impaired, they may result in reduced performance, increased susceptibility to infection, poor regeneration and a higher risk of wound healing disorders.

Effects proven by studies *

- ~ Improves microcirculation
- ~ Boosts metabolism and cell activity
- ~ Increases performance
- ~ Promotes relaxation before and after regeneration after exertion
- ~ Enhances suppleness
- ~ Prevents susceptibility to and strengthens defense against infection
- ~ Supports healing processes and helps relieve muscular tension
- ~ Positively impacts anesthesia process and post-operative recovery

* Double-blind placebo-control study with 24 horses in Germany and Italy, conducted in 2017 by the University of Milan (Dept. of Veterinary Medicine) and the HCCG (Horse Competence Center Germany).

By using the BEMER Horse-Set, horses display quieter behavior and have a greater tolerance of stress, especially in new surroundings, and show significant improvement in getting up safely after surgery.

Dr. Hermann Josef Genn, veterinary surgeon

Equine medicine specialist

By using the BEMER Horse-Set in our stable, as well as before and after riding, we've noticed that it takes significantly less time for them to relax. This product has really won me over!

Paul Schockemöhle

Entrepreneur, horse breeder

The BEMER Horse-Set has been indispensable to us for a long time. That's because BEMER therapy enables horses to achieve their top performance. And gives us more quality of life every day. We can't imagine life without it!

Simone Blum

Show Jumping World Champion 2018

Only the best for your horse.

When it comes to your horse, you'd never compromise – only the best is good enough. We feel the same way. With its sturdy construction and maximum practicality, the BEMER Horse-Set is the perfect team player in the stable and at tournaments. You're going to love it. And so will your horse.

Highlights

- ~ Optimally adjusts and adapts to your horse
- ~ Intuitive, simple operation
- ~ Cordless: integrated battery and control unit
- ~ Uncompromised functionality, even when used on top of a sweat blanket
- ~ Washable and easy to clean
- ~ Sturdy and durable – designed for the challenging, daily stable routine
- ~ Easy to use and portable: includes storage case for greater flexibility
- ~ Developed and manufactured in compliance with medical device standards
- ~ 2+1-year warranty
